Infinity Power | 9,496 followers on LinkedIn. Infinity Power is largest African pure play renewable energy provider. The joint venture between Egypt's Infinity and Masdar (Abu Dhabi Future Energy Company) targets power generation projects in Africa through renewable energy sources, namely solar and wind, as well as other technologies such as green hydrogen and water desalination.

Egyptian-Emirati energy company Infinity Power has acquired a complete stake in Lekela Power in Africa, adding 1GW of renewable capacity to its portfolio.. Although based in the Netherlands, Lekela operates 1GW worth of wind power projects in South Africa, Egypt and Senegal, with a project pipeline of 1.8GW.

There is no scale risk or added complexity to such an expansion. Infinite Power Cells can exceed 1000 MW of installed power, equivalent to that of a large power station, and our installations are already providing dedicated, reliable green power to high-value commercial clients, hospitals, and producers of green hydrogen.
