

What is Ballard Europe doing to prepare for the next generation?

Finally, in preparation for the next generation of fuel cell users, Ballard Europe has partnered with Van Hool, Aberdeen City Council, Mercantec and CEMTEC/Hydrogen Valley and developed a Fuel Cell and Hydrogen Training Program for mechanics and bus technicians.

Where is Ballard Europe located?

Ballard Europe prides itself on having a complete value chain. Our European Competence Center is located in Hobro, Denmark. Ballard European Competence Center in Hobro, Denmark Here, we are active in fuel cell system development, production, applications engineering, and business development.

Who is Ballard European Competence Center?

Ballard European Competence Center in Hobro, Denmark Here, we are active in fuel cell system development, production, applications engineering, and business development. In addition, we conduct after-sales service support for all Ballard products in Europe. Currently, these products include:

What does Ballard Europe do?

Ballard Europe is growing and will continue to invest in providing sustainable mobility solutions made and serviced locally. We look forward to work with industry, communities, and policymakers to accelerate the shift to zero-emission transportation in Europe.

How will Ballard continue to grow in Europe?

Ballard will continue to grow revenue generated in Europe and in the process, increase local employment opportunities. We have realistic goals to deliver more than 500 units of heavy-duty power modules per year by 2022.

15:00; VANCOUVER, BC, Dec. 20, 2024 /PRNewswire/ - Ballard Power Systems (NASDAQ: BLDP) (TSX: BLDP) today announced orders from two bus manufacturers to supply over 90 fuel cell engines, representing approximately 6.4 megawatts (MW) of total rated power, for the European and UK city bus market. "We are ...
