For over a century, Blattner has built America's infrastructure with grit and innovation, becoming the leader in renewable energy construction. Powered by our talented team, we're leading the nation to a clean energy future while creating opportunities for our people, our clients, our partners and our communities.

Now, great-grandson Scott Blattner, the company's president, has shepherded it through the most recent transition -- shifting focus from D.H. Blattner & Sons to a new sister company, Blattner Energy, which has become a national leader as a renewable-energy contractor specializing in building wind farms, solar farms and energy storage ...

It takes a lot of energy to fuel the ideas and innovations that are changing the world the way Blattner is - one renewable energy project at a time. That collective power is generated by approximately 400 employees at our corporate headquarters in Avon, Minnesota, and another 3,500 dedicated employees working at our job sites across the U.S.

For the full year of 2022, Quanta estimates revenues for Blattner to be between \$2.5 billion and \$2.7 billion, adjusted EBITDA to be between \$250 million and \$290 million and its contribution to ...
