

Making clean energy technology accessible. Bramble empowers scalable clean energy technology. We were motivated to change the world and accelerate life-changing transformation in the energy sector. Inspired initially by the potential to develop hydrogen, we came up with a way to bring clean energy to the market today.

What is the size of Bramble Energy? Bramble Energy has 78 total employees. What industry is Bramble Energy in? Bramble Energy's primary industry is Other Commercial Products. Is Bramble Energy a private or public company? Bramble Energy is a Private company. What is Bramble Energy's current revenue? The current revenue for Bramble Energy is ...

10.08.23. Bramble Energy unveils new multi-million pound headquarters with state-of-the-art hydrogen innovation hub. Bramble Energy's new company headquarters based in Crawley, West Sussex, spans nearly 34,000 square feet and is three-times larger than previous HQ New state-of-the-art facility represents Bramble Energy's rapid growth and continued ...

Cleantech and Hydrogen fuel cell tech specialist completes £1.8 million SuRV project, accelerating the journey to a net zero future in transportation. Bramble Energy has successfully completed a project aimed at accelerating the transition to an electrified automotive industry in the UK, funded by the Advanced Propulsion Centre UK (APC)'s Scale-up ...

Bramble Energy is pleased to announce a partnership with BOC Ltd, part of the Linde Group, to develop the Hymera 20. The versatile 20 W hydrogen fuelled power generator will launch in early 2018 and will be available directly from BOC Ltd. Bramble Energy Ltd is a spin out fuel cell company from the Imperial College and UCL.

Bramble Energy are excited to announce an initial interaction with Alcraft Motors Ltd. Alcraft Motors are a British car company focused on developing unique low-carbon vehicles and technologies; making dynamic, design-led, high-tech, high-performance products. Like us, they see the potential for fuel cell range extenders, and we're very excited to collaborate with ...

Bramble Energy, the world's most scalable hydrogen fuel cell company has raised a £5m Series A round. BGF led the round and was joined by existing investors including IP Group, Parkwalk Advisors, and UCL Technology Fund. Bramble Energy has developed the only technology capable of producing gigawatts of hydrogen fuel cells using existing global ...

Funded by the Energy Entrepreneurs Fund, as part of the Net Zero Innovation Portfolio, the HyTime project completes real-world testing with lead partner Bramble Energy providing its revolutionary fuel cell system

along with custom engine builder Barrus Bramble Energy has designed, developed and deployed a unique marinised fuel cell system for use ...

Power the hydrogen economy with PCB electrolyzers. Bramble's electrolyzers break down barriers to production. By harnessing manufacturing processes from the electronics industry, we produce high performance, very low-cost and massively scalable solutions.

Who is Bramble? Bramble was founded with one simple purpose - to help the world achieve Net Zero. We are an impassioned team, rewiring an industry to make clean energy technology accessible and scalable. By leveraging already viable production methods, we are rapidly paving the way for a world powered by clean energy.

Resources. 10.09.24. EU Hydrogen Week 18th - 22nd November 2024. In November, Bramble will be exhibiting at EU Hydrogen Week in Brussels. European Hydrogen Week is a melting pot of powerful and influential leaders looking for the next big thing. Bringing together industry, policy-makers, academia and stakeholders from across the entire ...

Bramble fuel cells can be integrated into a hybrid ecosystem or used as a full-power solution. Whether you want to replace generators, extend battery life or electrify a fleet of vehicles. Whether you're working on-grid or off; Bramble's hydrogen fuel cells deliver reliable, sustainable and long-lasting energy.

Bramble Energy????????????,????????????????????????,????????????????????PCBEL,????????? ...

Our designs can be highly customised to suit marine conditions - for more durable and safe energy usage throughout the vessel's lifecycle. From shipping to port operations, in-land and open seas, Bramble's solutions can accelerate the decarbonisation of marine ...

As a founder of Bramble Energy I often get asked how the company began and what we are trying to achieve. I can't speak for my co-founders but I can attempt to shed light on my motivations. ... All Resources. Sign up to our Newsletter. 02.12.24. Hyvolution Paris ...

Bramble Energy is pleased to announce a new partnership with BOC Ltd (a part of the Linde Group) and TCP Ltd, to develop portable, hydrogen fuel cell powered LED lighting towers. The 20 W hydrogen fuelled light towers will launch late in 2018. Bramble Energy Ltd () is a spin out fuel cell company from Imperial College and UCL.
