Energy Procurement goes beyond a transactional competitive bid process. Our approach to develop an hourly risk mitigation strategy around the most expensive (250) hours of the year, allows us to deliver customers (1) certainty without paying premium (2) opportunity to capitalize on favorable market conditions and (3)

flexibility to accommodate load change.

ProStar Energy wrote the playbook for innovative energy solutions with the opening of AT& T Stadium by shifting energy from a required operating expense into new revenue streams. This differentiating mindset, seeing opportunity where others see obstacles, continues to drive ProStar and why we have a single-source, fully-turnkey, vendor-agnostic ...
