CALMAC Manufacturing Corp. 3-00 Banta Place Fair Lawn, NJ 07410 Tel (201) 797-1511 DRAWING NOTE: Tolerance for all dimensions is + 1/2" (12.5 mm) Model 1190A June 2009 CS-5 Two 2" Van Stone flanged connections Inspection Port. Title: CALMACJune2008Drawings dd Author:

CALMAC manufactures both IceMat I and II skating rinks to cater to all types of applications. Both IceMats minimize the time and labor out of rink set-up, create uniform ice temperatures in varied weather conditions and are easily portable.

Unlike other ice mat systems, CALMAC offers a factory-installed main header design option, which reduces time and labor. IceMat also provides greater heat-exchange surface area than conventional indirect or direct refrigeration piping systems, allowing IceMat to make good quality ice even when air temperatures reach over 90°F.

Technician_Customer_iPad_Calmac Ice Tanks_2018.jpg Mantenimiento Puede mantener sus tanques CALMAC y el sistema de almacenamiento de energ#237;a mediante un proceso de mantenimiento similar al utilizado para la refrigeraci#243;n convencional.

The classic CALMAC Energy Storage Model A tank became the industry's informal benchmark soon after its 1979 introduction - and remains so today. The Model A was among the first thermal storage tank to be incorporated into a full chiller plant, ...

Featured Ice Bank#174; Installations Filter By: Clear. CALMAC provides clients with a cost saving air-conditioning solution that is affordable, simple and reliable. There is 1GW of thermal energy storage installed around the world. ... CALMAC is the leading global manufacturer with over 500MW installed; that's over 4,000 installations in over 50 ...

Technician_Customer_iPad_Calmac Ice Tanks_2018.jpg Manuten#231;#227;o Voc#234; pode manter seus tanques CALMAC e o sistema de armazenamento de energia usando um processo de manuten#231;#227;o semelhante ao usado para resfriamento convencional.

Thanks to CALMAC ice storage, the Hewlett Foundation's building exceeds California's Title 24 standards by 35 percent, which helped in achieving five points in the Energy & Atmosphere credit area of the LEED

rating system. Achieving energy performance points in LEED can be accomplished by beating ASHRAE standards or local building codes ...

Thermal energy storage is like an "HVAC battery" for a building's air-conditioning system. Trane Thermal Energy Storage uses standard cooling equipment, plus an energy storage tank to shift all or a portion of a building's cooling needs to off-peak hours. Model A tanks store energy in the form of ice during off-peak periods when utilities generate electricity more efficiently with lower ...

Thermal energy storage is like an "HVAC battery" for a building's air-conditioning system. Trane Thermal Energy Storage systems use standard cooling equipment, plus an energy storage tank to shift all or a portion of a building's cooling needs to off-peak, night time hours. Model C energy storage tanks store energy in the form of ice during off-peak periods when utilities generate ...

CALMAC's IceMat ice rink systems are high quality, prefabricated ice rink floors. IceMat rinks can be installed indoors or out and are permanent or portable. IceMat ice rinks can be custom designed to the rink's specifications and installed in just a ...

CALMAC's founder Calvin MacCracken, who invented ALUMA-ZORB and who died in 1999, was awarded the Ice Skating Institute's (ICI's) Frank J. Zamboni Award--named after the inventor of the ubiquitous ice-resurfacing machine. The next time you ...

Thermal energy storage is like an "HVAC battery" for a building's air-conditioning system. Trane Thermal Energy Storage uses standard cooling equipment, plus an energy storage tank to shift all or a portion of a building's cooling needs to off ...

CALMAC's IceBank Energy Storage tanks store ice at night, when utility rates are far less expensive, to be used during peak demand periods. Reducing the peak electric demand using thermal energy storage can cut ...

Thermal energy storage is like an "HVAC battery" for a building's air-conditioning system. Trane Thermal Energy Storage systems use standard cooling equipment, plus an energy storage ...
