We have 24 solar panels on our roof in Hawaii with battery backup. We are also grid tied, but make enough to power our house, and Chevy Bolt EV. We have easily made it two weeks on our own when the grid goes down after hurricanes. Most folks that have off grid solar in Hawaii have a backup generator to top off the battery during dark days

Solar energy companies are becoming increasingly common in the region, such as the Miravalles Solar Plant, the first of its kind in Costa Rica and Central America's largest, with a capacity of 1.2 gigawatt hours (GWh) per year, with the ability to supply about 600 homes.

According to the Costa Rican Institute of Electricity (ICE) and the Costa Rican National Power and Light Company (CNFL), both government entities, the target market for solar energy in Costa Rica, remains to be households or companies that ...
