

Supplying The Bahamas with Solar + Storage Technologies Founded in 2008, EcoDirect is a value added distributor that can help Bahamian homeowners, businesses and commercial projects in New Providence, Grand Bahama, Great Abaco, Eleuthera and throughout The Bahamas with project design, supply, logistics and technical support.

Only after a battery passes this process can it be used in the fleet; that process is extremely costly, and is time consuming. For instance, if you were to certify a cell phone battery--testing would be quick, easy, and if the battery was destroyed in testing it's not a big deal. That's where this project comes into play."

Using battery storage for tower crane applications: shipping and construction. The struggles of tower cranes. Tower cranes are among the most energy-intensive machines on a construction site, dock or shipyard. Their significant power demand often means they are too powerful to connect directly to the grid. As a result, contractors typically ...

Award implemented a 300 kVA T4 generator 24 hours a day to power its tower crane and charged the battery energy system with a 100 kW generator for two and a half hours a day, allowing them to operate the crane solely on battery power. ...
