

What is Duracell energy?

"Since the early days of zinc-carbon and alkaline batteries, DURACELL has led initiatives to ensure long-lasting, trustworthy power wherever it's needed. And we're just getting started." Mark Millar - DURACELL Energy Duracell is a registered trademark of Duracell Batteries BV and Duracell U.S. Operations, Inc., used under license.

Who makes Duracell batteries?

Mark Millar - DURACELL Energy Duracell is a registered trademark of Duracell Batteries BV and Duracell U.S. Operations, Inc., used under license. All rights reserved. Manufactured under license and warranty supported by Puredrive Energy in unit 18a & 18b, Orchard Industrial Estate, Evesham Rd, Toddington, Cheltenham, GL54 5EB, United Kingdom.

Where is the Duracell Power Center manufactured?

The Duracell Power Center is manufactured alongside Eguana's own products in the Omega EMS facility in San Jose, California. The technology included in the systems meets Underwriter's Laboratories (UL) standards and complies with state energy commission regulations in Hawaii and California.

Is Duracell a trademark?

And we're just getting started." Mark Millar - DURACELL Energy Duracell is a registered trademark of Duracell Batteries BV and Duracell U.S. Operations, Inc., used under license. All rights reserved.

How many times can a Duracell battery be cycled?

The battery cabinets in the Power Center contain lithium iron phosphate (LFP) battery cells, and Duracell says they can be cycled up to 6,000 times while maintaining at least 70% of their original capacity. With daily charging cycles, that's a little over 15 years of designed life.
