

Energeia Enables this Transition for You We are pioneering a data driven bottom up approach towards the energy transition. By developing the building blocks of a clean, intelligent, and distributed energy ecosystem within existing facilities, we can optimize the energy efficiency and accelerate the pace of adoption of clean intermittent energy.

At Energeia, we prioritize your privacy. As mandated by the Information Technology Act 2000, Sookrit Malik, Founder of Energeia Microgrid Private Limited, serves as the designated grievance officer. He can be contacted via sales@energeia or by phone at +91 9319271849.

In the news. The Supreme Court-appointed Environmental Pollution Control Authority (EPCA) is enforcing a ban on the use of diesel generators in the National Capital Region. The ban starts on October 15, 2019, and is expected to last until March 15, 2020. This measure is part of the Graded Response Action Plan (GRAP) and includes the deployment of other anti-pollution ...

In the global fight against climate change, renewable energy sources have often taken the spotlight. Solar panels, wind turbines, and hydroelectric power projects dominate discussions and investments, offering promise in reducing greenhouse gas emissions.
