Grid Access is the single greatest challenge for the integration of renewable into the grid, not only in South Africa but Globally. This working group seeks to provide a platform for industry to support each other in all matters related to grid access, grid capacity, Eskom/industry discussions as well as keep up to date on the latest grid ...

Energy Partners wurde 2024 aus der MaxSolar GmbH heraus mit dem Ziel gegründet, den schnellen Zugang zu skalierbaren Energielösungen zu ermöglichen und unseren Industrie- und Gewerbekunden günstigen Strom und saubere Energie zur Verfügung zu stellen. Dies setzen wir mit CO2-neutralen Energiesystemen und innovativen digitalen Lösungen um.

South Africa's largest solar battery storage system is now live, adding more power to the grid than the last unit of an old Eskom coal power station. Located in the Northern Cape, Scatec's Kenhardt hybrid solar and battery facility, with 540MW solar capacity and a 225MW battery, is a game changer for renewable energy. ...
