

What are the French Southern and Antarctic Lands (TAAF)?

The French Southern and Antarctic Lands (TAAF) are at the heart of these ambitions. Made up of five districts - the Crozet archipelago, the Kerguelen Islands, Saint-Paul and Amsterdam, the   purses Islands and Ad  lie Land - these territories are nevertheless one of the ultra-marine collectivities that are least well known to the general public.

What is the French Southern Territories?

The territory is sometimes referred to as the French Southern Lands (French: Terres australes fran  aises) or the French Southern Territories, usually to emphasize non-recognition of French sovereignty over Ad  lie Land as part of the Antarctic Treaty System. The entire territory has no known permanently settled inhabitants.

What is French Southern and Antarctic Territory?

Accessed 26 November 2024. French Southern and Antarctic Territories, French overseas territory consisting of the islands of Saint-Paul and Nouvelle Amsterdam and the island groups of Kerguelen and Crozet in the southern Indian Ocean, as well as the Ad  lie Coast on the Antarctic continent.

Does France have territorial sovereignty over the   purses Islands?

Although France's claim to the three austral lands (Kerguelen, Saint-Paul and Amsterdam and Crozet) is no longer contested, it is facing two major challenges to its claim to territorial sovereignty over the   purses islands.

Why are the French Southern & Antarctic Lands subject to an original form of governance?

These characteristics explain why these territories are subject to an original form of governance. The French Southern and Antarctic Lands include uninhabited territories in the Indian and Southern Oceans. Image: TAAF

What is the French Southern Territories nature reserve?

In 2006, the French Southern Territories Nature Reserve was created around the Crozet archipelago and the Kerguelen, Saint-Paul and Amsterdam islands. This reserve, which by 2022 will cover an area of 1.6 million km<sup>2</sup>, is one of the largest marine protected areas in the world and has been a UNESCO World Heritage Site since 2019.
