

What is the Georgia Solar Energy Association?

The Georgia Solar Energy Association (GA Solar) is Georgia's oldest and largest organization devoted exclusively to the benefits of solar energy for individuals, businesses, and communities statewide. It offers resources, information, and opportunities. Join GA Solar Today!

How does GA Solar help Georgia's energy consumers?

GA Solar helps advocate for solar power in Georgia on behalf of energy consumers. By informing local and state leaders about policies that make solar benefits accessible, GA Solar supports investment and local economic growth, keeping Georgia's economy strong.

How do I choose a solar company in Georgia?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. In Georgia, a solar installer must be associated with a licensed electrical contractor.

Why should you choose GA Solar for solar options?

GA Solar helps solar professionals stay abreast of the latest news, trends and standards, and offers networking and business outreach opportunities. By connecting home and business owners, GA Solar provides guides to help consumers evaluate solar options and find skilled solar professionals they can trust.

Do you need a license to install solar panels in Georgia?

In Georgia, a solar installer must be associated with a licensed electrical contractor. You can find out if an electrical contractor has the required license at the Georgia Secretary of State's website. Financing options Not everyone has thousands of dollars to spend on a solar panel installation.

Are solar incentives a good idea in Georgia?

Solar incentives and rebates can cut the cost of installing solar in Georgia by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
