

What is amass gtx5000?

1.2 Intended Use AMASS GTX5000 is an energy storage unit that is designed to be used in residential on-grid applications with the capability for short-term backup. Notes regarding intended use: AMASS GTX5000 is not suitable for supporting life-sustaining medical devices. Page 5 The type label (see Section 1.3) must remain attached to the product.

Is amass gtx5000 suitable for life-sustaining medical devices?

Notes regarding intended use: AMASS GTX5000 is not suitable for supporting life-sustaining medical devices. Page 5 The type label (see Section 1.3) must remain attached to the product. AMASS GTX5000 series products must work with compatible inverters which are listed in the "Compatible Inverter List" section of this manual.

Do amass gtx5000 series products work with compatible inverters?

AMASS GTX5000 series products must work with compatible inverters which are listed in the "Compatible Inverter List" section of this manual. User manual AMASS GTX5000 1.3 Identifying The Product The type labels were attached on the product, which contain the product identification information.

How to check battery status amass gtx5000?

User manual AMASS GTX5000 5.2.1 Start Button Start button integrated LED status Indicators, to show Battery running status or warning status. 1? Press start button more than 3s and then release the button, LED will light from L7 to L1, and then enters to automatic coding, all LED lights flash and L7 is shown as purple.

What does amasstore gtx5000 led indicate?

User manual AMASSTORE GTX5000 5.2.2 LED Indicator Definition L1 to L6: Blue, show the battery level, each light indicate 16.67% SOC. L7: Blue or Red, show battery running status, blue is normal, red is abnormal.

What is a GTX 5000 battery?

The GTX 5000 is SofarSolar's 5,1 kWh lithium storage battery for standing or wall-hanging installations. Up to four 48V batteries can be connected in parallel. The GTX 5000 series is compatible with the SofarSolar's HYD 3000...6000TL-ES /-EP and ME 3000-SP hybrid inverter series.

SOFARSOLAR (founded in 2012) is one of the subsidiaries of the SOFAR Group in China and specializes in R& D, production, sales and service of their grid inverters and Amass storage batteries. SOFARSOLAR is currently one of the ...
