

In 2023, Kaoko Green Energy Solutions signed an MOU with the Finnish company AW-Energy that specialises in near-shore wave technology. This agreement will see the development of the /hao project that integrates AW-Technology's patent wave energy technology, WaveRoller&#174;, into Namibia's energy mix.

Cleanergy Solutions Namibia, a joint venture between CMB.TECH and the Ohlthaver & List (O& L) Group, hosted the Cleanergy Green Hydrogen progress showcase at the plant's site in Walvis Bay, Namibia, under the guidance of His Majesty, the King of the Belgians and H.E. Dr Nangolo Mbumba, President of the Republic of Namibia.

Established in 2006, Greenfuel Energy Solutions is an established name and market leader in Alternative Gas Fuel Systems supplying components and complete solutions to OEMs across the automotive spectrum- from buses and commercial vehicles, to passenger cars and three-wheelers. We are the first company to introduce NGV filling systems in cars as well as ...

Cleanergy Solutions Namibia, a partnership between the Ohlthaver & List (O& L) Group and Cmb.TECH has commenced the construction of Africa's first public green hydrogen refuelling station, which would supply ...

Namibia aims to put itself on the map as a world leader in green hydrogen and related products, including ammonia, methanol, synfuel, and eventually green steel. Companies interested in large-scale renewable energy projects can engage NamPower and/or the ECB. There is specific interest in the following grid-connected renewable energy solutions:

Cleanergy Solutions Namibia embodies our collective vision of pioneering change. This partnership with the CMB Group is more than a business alliance - it is a convergence of shared values and purpose, and together, O& L and CMB.TECH are crafting a narrative of meaningful impact, one where sustainability, innovation, and collaboration ...

Green Fuel offers environmentally friendly and sustainable renewable vehicle fuel and electricity that reduces greenhouse gas emissions and improve air quality. Green Fuel will not only increase Zimbabwe's energy security but will also lessen dependence on foreign, imported oil and fossil fuels in the future.

Construction of Cleanergy Solutions Namibia, Africa's first green hydrogen facility began last week in Walvis Bay, Namibia, marking a significant milestone in the region's energy development. The project, known as Cleanergy Solutions Namibia, is a collaborative effort between the Ohlthaver & List (O& L) Group and CMB.TECH. It carries a ...

President Nangolo Mbumba and King of Belgium noted that the "Cleanergy Solutions" initiative made

Namibia a frontrunner in the global green hydrogen economy. "This project is a groundbreaking demonstration of pioneering hydrogen production in Africa," said King Phillippe, "it aims to demonstrate that green hydrogen and ammonia can be ...

At the heart of Cleanergy Solutions Namibia lies a commitment to harness renewable energy to produce hydrogen - a versatile, clean fuel with diverse applications. Alexander Saverys, head of CMB.TECH, highlights that the plant will utilize solar power for on-site hydrogen generation, serving trucks, port machinery, and railway equipment.

28 September 2023 - Today, Cleanergy Solutions Namibia, a joint venture between the Ohlthaver & List (O& L) Group and CMB.TECH, announces a premiere: the bricklaying of Africa's first public green hydrogen refuelling station. The hydrogen production plant established in Walvis Bay, Namibia, uses solar energy for hydrogen production onsite.

Namibia is on the cusp of becoming a green hydrogen production hub, thanks to its abundant renewable energy resources. Cleanergy Solutions Namibia, a powerful partnership between the Ohlthaver & List Group (O& L) and CMB.TECH, is leading the charge in driving this transformation.. As a truly African company employing more than 5000 people, the Ohlthaver ...

GreenGo Energy, a global leader in renewable energy and green hydrogen solutions, is thrilled to announce its strategic expansion into Namibia at this week's Global African Hydrogen Summit (GaH2S) in Windhoek, Namibia. ...

GreenGo Energy, a global leader in renewable energy and green hydrogen solutions, is thrilled to announce its strategic expansion into Namibia at this week's Global African Hydrogen Summit (GaH2S) in Windhoek, Namibia. This move underscores our commitment to driving the transition to a sustainable,

Greenfuel Energy Solutions Pvt. Ltd. is your single-stop for clean mobility solutions. For more than a decade and a half, Greenfuel has significantly contributed to the automotive industry supply chain with innovative products designed and engineered to promote sustainable mobility .. Drawing on the benefits of this long-term customer support relationship, Greenfuel forges ...

Cleanergy Solutions Namibia is driving the growth of Namibia's hydrogen economy while contributing to the global shift towards clean energy. Leveraging the O& L Group's expertise in renewable energy, combined with CMB.TECH's proficiency in producing and applying future fuels, Cleanergy Solutions Namibia is at the forefront of sustainable energy solutions.
