Home solar system price in Heard and McDonald Islands

The Heard and McDonald Islands are interesting from a historical perspective because they are one of the few places in the world where two claim lines intersect. ... The islands are home to a variety of unique animals, including seals, penguins, and albatross. ... Prices are correct and items are available at the time the article was published ...

The two small triangles are the McDonald Islands, mostly small rock islands and not nearly as impressive as Heard. I know that they probably are not as green as on the flag, but I simply didn't want to have grey on there. Lastly there's the southern cross from the Australian flag, following the lead of Christmas Island and the Cocos Islands.
