For Worldwide Release: May 5, 2022. DEERFIELD, IL - Caterpillar Inc. today announced the purchase of Tangent Energy Solutions, an energy-as-a-service (EaaS) company that provides customers with turnkey solutions for reducing energy costs, increasing energy efficiency, reducing emissions, monetizing electric grid support, and providing resiliency for customer operations.

Energy as a Service is a way to consume energy that can be at little to no cost to your business. How does it work? An energy solution, which can include multiple electric power assets such as diesel or gas generator sets and renewable energy sources, is installed at your site(s) but owned by a third-party investor who is responsible for servicing and maintenance.

Caterpillar Energy Solutions produces gas engines, power plants, and trigeneration power plants for efficient, eco-friendly energy generation. We offer holistic solutions that meet all needs. From individual gas engines and cogeneration power plants to turnkey solutions for distributed energy supply--such as containerized cogeneration power ...
