Destroy breakable fuel pipe & Shield generator in same room to reveal & enable access to Heat Sphere Dispenser 7 Valuable Shipwreck Located in larger ship wreckage behind some ...

As the abandoned HIVE unit is still a bit wonky, you'll need to hack the gate. Follow the mission marker to the right side of the gate where a terminal is. Interacting with this will hack it and trigger another cutscene. After some time, a mysterious ship will show up and stun both Dax and the gate.

The Ceto-side of Union's rim is haunted by a vast crimson anomaly. Due to its electromagnetic discharges, carriers who would have a tough time navigating the area prefer the more conservative route on the other side of the system. ... The Energy Orb dispenser is located toward the other end of the wreckage and behind a shield, find and shoot ...
