

Who manufactures Lithion batteries?

Lithion is a global battery manufacturer that produces the Lithion brand. We offer best-in-class residential battery energy storage systems, combining state-of-the-art technology and engineering. Whether you require portable battery power or whole-home backup, our modular, plug & play solutions offer reliable performance, safety, and easy-of-use.

Are Lithionics batteries made in the USA?

Since at least 2018, Lithionics has falsely labeled its battery products with an American flag image and the words 'Made in U.S.A.' when these products are primarily made overseas.

How do I connect my lithionics battery?

Lithionics Battery recommends the use of our UL listed Plug & Play connector systems for quick and safe installation of our battery systems. The Plug & Play system features our parallel combiner box for parallel connections, or a series wire harness for series connections.
