Several enhancements have been added to Madagascar's Python interface. It is now possible to run Madagascar programs directly on NumPy arrays, analogously to how the Matlab interface works on Matlab objects. See an example.; Behind the scene, temporary files are created, and Madgascar programs run in the usual way, but, for the user, they appears like ...

Madagascar is a parliamentary democracy. The High Constitutional Court (HCC) of Madagascar proclaimed Andry Nirina Rajoelina as president-elect on January 8, 2019. This was after two rounds of presidential elections on November 7, 2018 and December 19, 2018 with the president-elect facing Marc Ravalomanana (an ex-president) in the
