

Will Niue build a solar farm?

Niue is seeking about US\$18 million to build a solar farm as part of the island nation's plans to reduce its heavy reliance on fossil fuels. The minister for infrastructure, Dalton Tagelagi says Niue's strategic energy road map sets the ambitious goal of having 80 percent of its power generation coming from renewable energy sources by 2025.

Where is Niue located?

Niue, the largest unraised coral atoll in the world, is situated in the South Pacific Ocean, some 2,400 kilometres northeast of New Zealand. Like many island nations, Niue is heavily dependent on diesel fuel for power generation.

What will New Zealand do with the Niue ocean wide trust?

The project will bring Niue's renewable generation to 80 percent. New Zealand will also commit \$2 million to the Niue Ocean Wide Trust, which aims to develop a blue economy and ensure long-term ocean conservation and climate resilience.
