

TotalEnergies and OQ Alternative Energy (OQAE) have signed long-term power purchase agreements to develop a trio of renewable energy projects in Oman that will generate 300 megawatts (MW), according to a Dec. 11 press release.. France's TotalEnergies (49% ownership) and OQAE (51%) plan to begin construction in early 2025 with electricity ...

Miraah is a solar thermal energy plant that is under construction in Oman for the production of steam for solar thermal enhanced oil recovery. In July 2015, Petroleum Development Oman and GlassPoint Solar announced that they signed a \$600 million agreement to build the 1 GWth solar field. The project will be one of the world's largest solar field measured by peak thermal capacity.

Miraah is a solar thermal energy plant that is under construction in Oman for the production of steam for solar thermal enhanced oil recovery. [1] In July 2015, Petroleum Development Oman and GlassPoint Solar announced that they signed a \$600 million agreement to build the 1 GWth solar field.
