Cuba: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions. However, some energy ...

Internet - while available - is really shit and hard to come by in Cuba. Some of the nicest hotels have it but its limited and not fast. (based on my 2016 experience) I wouldn't want to lug a laptop for a Cuba trip anyway due to limited use. A tablet would be much more ideal if you needed something other than a phone.
