

Introducing the EG4 18kPV All-In-One Hybrid Inverter - the ultimate power solution for any solar project! This innovative hybrid inverter combines the functionality of a grid-tied and off-grid system together while eliminating the need for charge controllers or transformers to create a convenient, independent, all-purpose powerhouse. It also boasts an extensive list of certifications and ...

I'm installing an outdoor Huawei PV system on a mounting structure, and I need to build a shed above the inverter. I've left a 50cm gap above the inverter to ensure proper air flow. However, I would like your advice on the type of material I should use for the shed. Should I opt for a steel plate, plexiglass, or another type of material?
