

Who is Wartsila Oyj Abp?

Wartsila Oyj Abp (Finnish: [ˈvɑ̌rtʃilɑ̌]), trading internationally as Wartsila Corporation, is a Finnish company which manufactures and services power sources and other equipment in the marine and energy markets.

Who owns Wartsila Marine Turku?

The former Wartsila Marine Turku Shipyard is now owned by Meyer Werft under its Meyer Turku subsidiary and the Helsinki shipyard is operated by a company of the same name owned by the Canadian Davie Shipbuilding. Wartsila is a provider of power plants in distributed and flexible power generation.

When was Wartsila founded?

Wartsila was established when the governor of the county of North Karelia approved the construction of a sawmill in the municipality of Tohmajärvi, Grand Duchy of Finland on 12 April 1834. The sawmill was soon taken over by industrialist Nils Ludvig Arppe, who built ironworks in the premises. In 1898 the company was renamed Wartsila Ab.

Where is Wartsila located?

Wartsila has locations in around 80 countries, including the US, Brazil, Finland, Germany, South Africa, Singapore and China, but operates globally.

How much power does Wartsila provide to Bangladesh?

Wartsila provides about 25 percent of Bangladesh's total grid capacity, with the company's total power supply to Bangladesh rising to more than 4200 MW when a 105MW power plant being built by Baraka Shikalbaha Power Ltd goes fully operational in spring 2019.

What products does Wartsila offer?

The core products of Wartsila include technologies for the energy sector, including gas, multi-fuel, liquid fuel and biofuel power plants and energy storage systems; and technologies for the marine sector, including cruise ships, ferries, fishing vessels, merchant ships, navy ships, special vessels, tugs, yachts and offshore vessels.

Wartsila is a global leader in innovative technologies and lifecycle solutions for the marine and energy markets. We emphasise innovation in sustainable technology and services to help our customers continuously improve their ...

Year on year Wartsila Oyj Abp had relatively flat revenues (5.84bn to 6.02bn), though the company grew net income from a loss of 65.00m to a gain of 257.00m. A reduction in the cost of goods sold as a percentage of

sales from 39.46% to 34.30% was a component in the net income growth despite flat revenues.

Citi analyst Vivek Midha maintained a Hold rating on Wartsila Oyj Abp (OIKJ - Research Report) today and set a price target of EUR20.50. The company's shares closed yesterday at EUR20.55.
