

How is energy sourced in Paraguay?

Energy in Paraguay is primarily sourced from hydropower, with pivotal projects like the Itaipu Dam, one of the world's largest hydroelectric facilities. This reliance underscores the need for a robust infrastructure, including efficient transmission networks and distribution systems, to leverage the country's renewable resources fully.

Does Paraguay have hydro power?

This page is part of Global Energy Monitor's Latin America Energy Portal. In 2020, hydro power provided 100% of Paraguay's electricity and roughly half of the country's overall energy supply, with biofuels and imported oil accounting for the remainder.

What are Paraguay's environmental commitments?

Paraguay has assumed various environmental commitments based on international agreements; among them the Paris Agreement and the fight against climate change; commitments reflected in guidelines established in the Energy Policy of the Republic of Paraguay 2040.

Who regulates energy projects in Paraguay?

Permitting and regulation of energy projects is handled by the Viceministry of Mines and Energy. ANDE (Administraci3n Nacional de Electricidad) is the state-owned entity responsible for satisfying Paraguay's electrical needs through generation, transmission, and distribution. Paraguay does not have a national oil company.

Does Paraguay have electricity?

Paraguay's state-owned utility, Administracion Nacional de Electricidad (ANDE), controls the country's entire electricity market, including generation, distribution and transmission. It operates a single hydroelectric dam, Acaray, and six thermal power plants, with total installed capacity of 220 megawatts (MW).

How much electricity does Paraguay produce in 2021?

In 2021, Paraguay produced a total of 40,576 GWh of electricity, marking a 24% increase from the year 2000. The country has become a significant net exporter of electricity, exporting 53.5% of its total production in the same year, which represents a 54% increase in electricity exports over the same period.
