The Patriot Power Generator 1800 is a solar power generator that I've often used for power outages in my home. It comes with 2 charging options -- solar panel charging and AC outlet charging (the outlets on the main power grid). This product is a continuation from the Patriot 1500, which famously was recalled because it kept catching fire.

4Patriots is a retail company that sells survival and outdoor gear. Some of their most popular products are survival meal packs. They also sell several solar products including the Patriot Power Cell solar phone charger that I've already reviewed.. 4Patriots sold another solar generator before the 1800 -- the Patriot Power 1500.

Adding a solar panel system to your home or business will also increase your building"s resale value. Buying solar panels often means maintaining them, however. The good news is that most solar panel systems require little to no maintenance. Here at Patriot Solar Energy, our solar panel systems come with a 25-year warranty.

My mother bought a 4 Patriots &quot;Solar Generator&quot; because a friend has one. It"s a battery and inverter in a case with a 100watt solar panel. It was sold as having a second free 100W solar panel included. The additional panel was supposed to ship at a later date. Later is right, because it still hasn"t arrived, nearly 2 months later than promised.

But as a result of its government"s openness and willingness to reform, Guinea has secured its first bankable solar-power investment. This is a major energy milestone that is likely to lead to the construction of the country"s ...
