

What is Renesola?

Renesola is a 9500 employee company that produces solar panels. It manufactures everything from silicon through to the finished product. Renesola has an international profile and headquarters and production lines situated in China, but commercial and marketing offices around the globe.

Who makes Renesola solar panels?

Renesola is a Chinese producer of tier one solar panels with 10 year product and 25 year performance warranties. Their panels are corrosion resistant which makes them suitable for installation by the sea. Renesola has offices in both Sydney and Melbourne.

Who is Renesola?

ICP?2022018723?-1 Powered by: SEO Renesola, established in 2005, has been a pioneer in the global new energy field, committed to making unremitting efforts to mitigate global warming, and providing quality power station solutions for global clients. So far, the global historical shipment is 25GW+ (the number is constantly updated).

Who is Renesola BNEF Tier 1?

RENESOLA - Tier 1 leading global photovoltaic solar project developer, EPC, panel manufacturer Q4 Tier 1 announced! Renesola once again on BNEF Tier 1 list! ReneSola Yunnan Base - Automated Intelligent Production Line is about to be put into operation! ReneSola's industrial upgrading, multiple production base project construction accelerated!

Why should you choose Renesola?

Renesola high-efficiency modules can meet the specific needs of customers, distributed systems which is flexible, reliable and easy to install. Renesola provides customers with greater value and creates safe and stable green energy via its strong R&D strength. Why Choose Renesola?

Why should you choose Renesola high-efficiency modules?

Advanced module technology, excellent module efficiency, superior power generation performance, applied to ground power stations and distributed projects. Renesola high-efficiency modules can meet the specific needs of customers, distributed systems which is flexible, reliable and easy to install.

The company says it has shipped 25GW+ of solar products since it was founded; but that appears to be up until 2021. As well as manufacturing solar panels, Renesola used to provide one-stop turnkey integrated solutions for large solar projects covering development, financing, design, construction, operation and maintenance.

ReneSola Power has acquired a 50MWp solar farm in Branston, Lincoln. Project Branston's 50MWp solar

farm has been producing renewable energy since October, 2020, and is currently generating an annualised yield of 1,011 MWh/MWp. The transaction was completed on 30 September, 2022, from P& T Global Renewable Energy.
