Saint-Gobain overall sales were up 6% in the first half of 2007 to US\$29.8 billion (21.7 billion euros).& nbsp ; All the group's sectors saw a rise in sales, with organic growth overall at 6.9%.& nbsp ; Construction markets in Europe, bolstered by the impact of regulations promoting energy efficiency, offset the downturn in the U.S. housing market. Sales were ...

After a remarkably busy 2023 for distributor M& A activity, 2024 appeared set for a correction year, or perhaps flat at best. Given the ongoing softness in industrial demand that began in the second half of 2023 and a looming U.S. Presidential election, we at MDM anticipated that activity would likely be somewhat conservative in 2024 compared to a gangbusters 2024.

We're in the midst of another quarterly earnings reporting period for publicly-traded industrial distributors and manufacturers. Read below to learn about the most recent sales and revenue numbers for companies MDM typically covers, including: France-based building materials manufacturer Saint-Gobain; Bloomfield Hills, Michigan-based manufacturer TriMas; ...
