

Strata Clean Energy has broken ground on its Scatter Wash battery storage complex in Phoenix, a 255 MW facility that is expected to become operational next April and will service Arizona Public Service (APS) customers. "This groundbreaking demonstrates a considerable advancement in large-scale sustainable energy solutions in a major growing ...

Strata Clean Energy (Strata), a leading developer, owner, and operator of renewable energy projects, has closed on US\$559 million financing for the construction and ownership of the Scatter Wash battery storage complex. The 255 MW/1020 MWh storage facility broke ground on January 18 and is expected to be operational by April 2025.

PHOENIX & DURHAM, N.C.-(BUSINESS WIRE)-Strata Clean Energy has secured a 20-year tolling agreement with Arizona Public Service (APS) for its 150 MW/600 MWh Justice Energy Storage project located near Skyline Regional Park in Phoenix, Arizona. Once completed, the Justice Energy Storage project will have the capacity to store enough energy to power ...

The development of Scatter Wash is supported by the Investment Tax Credit (ITC) for standalone energy storage created by the Inflation Reduction Act (IRA) of 2022. Last year, Strata was one of the first to take advantage of the tax incentive for energy storage for two projects in Vermont. Strata has over 270 solar and storage projects completed ...

Strata, with its western headquarters in Phoenix, has a strong presence in the region, and more than 6GW of solar PV and 24 gigawatt hours of battery storage projects under development. In 2023, Strata Clean Energy secured a 20-year tolling agreement for the Scatter Wash project with Arizona Public Service (APS).

Copenhagen Infrastructure Partners ("CIP"), through its flagship fund, CI V, and Strata Clean Energy (Strata), a leading developer, owner, and operator of renewable energy, announced that CIP will acquire the 255MW / 1,020 MWh Scatter Wash standalone battery storage project in Phoenix, Arizona. Strata will continue to serve as construction and asset ...

PHOENIX, January 18, 2024--(BUSINESS WIRE)--Today, Strata Clean Energy (Strata), a pioneer in grid-scale renewable energy solutions, celebrated a major milestone for its Scatter Wash battery ...

Arizona Public Service and Strata Clean Energy announced a 20-year tolling agreement built around the 255-MW/1-GWh Scatter Wash battery storage complex in Phoenix. The deal with Strata is part of APS' long-known move toward more than 1 GW of complementary and connected solar and battery storage to decarbonize its generation portfolio.

Mortenson is the EPC for Strata Clean Energy's Scatter Wash 255 megawatt / 1,020 megawatt-hour battery storage project in Phoenix Arizona. Once complete, the project will be one of the largest in the state of Arizona. ... Strata entered into a 20-year tolling agreement with APS for its Scatter Wash battery storage complex last year. This award ...

Strata Clean Energy celebrated the start of construction on its Scatter Wash battery storage complex in Phoenix. The 255 MW / 1.02 GWh facility is expected to become operational in April 2025. A groundbreaking ceremony included executives from Strata, along with representatives from Arizona Public Service (APS) and other local dignitaries.

Strata Clean Energy, a grid-scale renewable energy solutions provider, broke ground on its 255 MW Scatter Wash battery storage complex in Phoenix, Arizona. Once operational in April 2025, the project's batteries will store enough electricity to power over 250,000 homes for 4 hours daily for 20 years.

Strata Clean Energy of Durham, North Carolina, is in the early stages of developing a standalone battery storage project in north Phoenix, near Deer Valley Airport. The company is actually working on two projects -- called Deer ...

Copenhagen Infrastructure Partners (CIP), through its flagship fund CI V, has acquired the 255MW/1020 megawatt hours (MWh) Scatter Wash standalone battery storage project in Phoenix, in the US ...
