Sawa Energy may be growing as it has recently secured funding aimed at boosting its expansion in East  
Africa. This financial backing is indicative of investor confidence and provides the means for the company to  
potentially increase its market presence in the renewable energy sector. The focus on expansion suggests that  
Sawa Energy is actively ...

"Sawa Energy's approach to affordable and sustainable energy solutions is transformative for East African  
SMEs," said Blessing Layee-Maima Caine, Renew Capital's Investment Manager for Rwanda. "Renew  
Capital as one of the investors in the consortium is proud to support Sawa Energy's vision of a future where  
businesses can grow ...

Sawa Energy révolutionne la manière dont les petites et moyennes entreprises (PME) d'Afrique  
de l'Est accèdent à l'énergie. Présentée au Rwanda et en Ouganda, l'entreprise fait  
tomber les barrières en supprimant les coûts initiaux, rendant ainsi l'énergie solaire et les  
solutions d'efficacité énergétique accessibles et abordables.

Kigali, Rwanda, January 25, 2024 - Confronting the critical challenge of energy in East Africa, Sawa Energy is changing how small and medium businesses access power. With operations in Rwanda and Uganda, Sawa Energy eliminates upfront costs, making solar and energy-efficient solutions more accessible and affordable.

Sawa Energy empowers East Africa's small and medium businesses by reducing electricity pricing and volatility. We build, own, and operate solar systems for our clients, enabling them to go solar and save money without any upfront costs.

In doing so, Sawa Energy aims to have a big social impact, reduce carbon emissions, create jobs, increase energy access, and save money for businesses in emerging markets. Sawa Energy's objective is to deploy a portfolio of 20 MW of solar C& I projects across East Africa within the next 4 years, and have been actively deploying since February ...

Belgium Energy vous accompagne et vous aide dans toutes ces démarches. Quelles économies avec l'isolation de ma toiture ? En moyenne, on considère qu'une isolation de toiture va réduire entre 15 et 30 % le montant de votre facture de chauffage.
