This SMA Sunny Boy Smart Energy hybrid PV and battery storage kit makes increasing your energy independence easy. Easy to install High efficiency DC couple battery solution German made inverter Contains: Sunny Boy Smart Energy inverter SMA Home Storage 6.56 kWh Lithium battery SMA Home Manager & CT clamp Additional

The Sunny Boy Storage can be used to achieve export limitation when used with SMA Sunny Boy or Sunny Tripower inverters. The PV system can be visualized through the web user interface of the Sunny Boy Storage.

The SMA Sunny Boy Smart Energy was featured in the 2023 Storage Buyer's Guide. This annual feature brings together a showcase of the most innovative energy storage products on the market. The new Sunny Boy Smart Energy will launch in mid-2023 and is a complete home solution to generate, store and use solar energy.

The new Sunny Boy Storage is the simplest solution for adding battery storage to PV systems using new high voltage batteries such as the LG Chem RESU10U. However when adding battery storage to a PV system, grid operators may place additional requirements on the system such as limiting the export of energy from both the battery and PV inverters ...
