Featuring 200-400W solar panels, 65-200Ah sealed lead acid or Lithium Iron Phosphate batteries, up to 40A smart solar controller, 4G mobile connectivity, ...

Why is a solar power CCTV tower ideal for construction sites? 1. Wireless. One of the biggest struggles when installing a CCTV system is the wiring. Cables are impractical for quick and easy installations and are also vulnerable to tampering and wear and tear. As solar power is incorporated directly into the CCTV, the wiring issue is eliminated.
