

Will KOWEPO & EWEC build a solar project in Abu Dhabi?

The partners are already in advanced discussions with Abu Dhabi's Emirates Water and Electricity Co. (EWEC) for a project of the same size in the Al-Ajban region. South Korea's KOWEPO and France's EDF Renewables have joined forces to bid for a 1.5 GW solar project in the Al Khazna region of Abu Dhabi.

Will KOWEPO & EDF renewables build a solar plant in Abu Dhabi?

South Korea's KOWEPO and France's EDF Renewables have joined forces to bid for a 1.5 GW solar project in the Al Khazna region of Abu Dhabi. The PV plant is expected to be delivered by 2027. EWEC invited expressions of interest from developers in September 2023.

How many GW of solar a year will Abu Dhabi add?

Its latest forecasts recommend adding 1.4 GW of new solar per year between 2027 and 2037. The utility recently hosted a tender for the development of an independent greenfield 400 MW battery energy storage system, followed by a request for proposals from developers and consortia for a 1.5 GW solar project in the Al Khazna area of Abu Dhabi.

How will EWEC boost Abu Dhabi's solar power generation capacity?

It will increase EWEC's total solar PV capacity to about 5.5 GW. EWEC's aim is to boost Abu Dhabi's solar power generation capacity to 13 GW by 2030 and supply 60% of Abu Dhabi's total power demand from renewable and clean energy sources by 2035.

Who is competing for a 1.5 GW Khazna solar project?

Bid opening ceremony for 1.5-GW Khazna solar project. Image by EWEC Engie SA (EPA:ENGI), a consortium of EDF Renewables and Korea Western Power (KOWEPO), and an alliance of Jinko Power and Jera are competing for the development of the 1.5-GW Khazna solar photovoltaic (PV) project, located in the Al Khazna area of Abu Dhabi.

What is EDF renewables doing in the UAE?

EDF Renewables was also involved in another major project in the UAE - the 2 GW Dhafra Solar Photovoltaic Independent Power Project. Abu Dhabi officials inaugurated the projects, which were described as the world's largest single-site power plant, in November 2023, just before the UAE hosted the COP 28 climate change conference.

Abu Dhabi to invite consultancy bids for next solar IPP. Abu Dhabi has been assessing various site options for the Emirate's third major solar independent power producer (IPP) scheme. MEED January 27, 2020. ... (GHG) emission strategy to 2050, submitted to the United Nations (UN), the Ministry of Energy Transition and Sustainable Development ...

Located 70km northeast of Abu Dhabi, the solar facility will be completed in the third quarter of 2026. ... In July 2024, Masdar signed an agreement to acquire a 49.99% stake in Endesa's 2.5GW renewable energy portfolio in Spain, valued at EUR1.7bn (£1.8bn). Sign up for our daily news round-up! Give your business an edge with our leading ...
