

What is the Maldives solar project?

The Maldives solar project is a 36 MW solar power project and 50 MWh of battery energy storage solutions development across various islands in the Maldives. It also includes grid modernization for the integration of variable renewable energy with the grid, which will be financed under the proposed AIIB loan.

Is Maldives ready for hybrid solar PV-diesel?

Maldives aims to transform the energy systems of at least 160 islands from diesel-based to hybrid solar PV-diesel systems through the Preparing Outer Islands for Sustainable Energy Development (POISED) project, which was established in 2014 with the support of the Asian Development Bank (ADB). The project focuses on the implementation of hybrid solar PV-diesel systems.

Why solar PV with storage in Maldives?

Solar PV with storage has proven suitable and competitive for Maldives' high penetration of renewable energy (POISED type B projects), with an average fuel savings of 25%. The concept design of hybrid systems (efficient diesel generators + solar PV plants + energy storage) has resulted in success for Maldives.

What is a DIY+ solar kit?

Our DIY+ Solar Kits give you full control to install and customize your own solar system. Perfect for hands-on projects, you'll save on installation costs while enjoying flexibility and expert support. Build it, monitor it, and expand it on your terms. Ideal for those wanting a hassle-free, professional solar solution.

Where can I buy solar power?

Call Us: 877-242-2792 ShopSolar.com is the #1 online source for solar power solutions. With over 50,000+ happy customers, we're on a mission to make solar simple, transparent and affordable. We specialize in the sale and installation support of complete solar kits, solar generators, inverters, batteries and more.

Why should I buy a DIY+ solar kit?

Take charge of your solar install and save thousands. Easily monitor and maintain your system with confidence Lifetime customer support + guides, videos and help. Our DIY+ Solar Kits give you full control to install and customize your own solar system.
