What is Maana electric doing in Luxembourg?

When Maana Electric landed in Luxembourg in 2018, it brought fresh air to a new space eco-system that had been largely dominated by satellites and space data. Maana expects to have its first photovoltaic panel factory, the TerraBox, up and running in the desert to prove to the market that it is commercially viable.

Are our solar panels approved by Dewa?

Our solar panels are approved by DEWA and qualified for on-grid solar power projects. Our solar panels have obtained all the quality certificates. The manufacturing process of the solar panels has applied the most advanced technology, which has achieved high module conversion efficiency up to 18.04% through innovative five busbar cell technology.

How do solar panels are made?

Solar panels by DUSOL are made using totally automated lines specially procured from Japan and Germany. These are certified by TUV under strict IEC guidelines that meet internationally accepted standards. Sand storm tests are done on the modules to test their suitability under harsh desert climates.
