

In many ways, a typical warehouse roof offers the ideal landscape for hosting a solar power system. Not only does it have plenty of square footage to support a lot of solar panels, but it's also high enough off the ground that shade usually isn't a problem. Further, most warehouse roofs are pitched perfectly for catching the sun's rays at various points throughout the day.

Explore solar energy offerings from Prologis, a leading provider of onsite industrial solar for warehouses. Discover how you can lower energy costs with custom sustainable energy solutions. ... The solar panels cover two-thirds of ...

Our high-efficiency solar panels come in a variety of wattages and different styles like mono solar panels, bi-facial, split cell, and flexible solar panels from brands like Canadian Solar, Qcell, Longi, and more.
