Meaning, these solar power system owners will get their money back in only about 6 years! The remaining 15 years will be pure profit! As we do not have this yet in Brunei, there is no way we can earn or even get our money back from installing roof top solar. So, in Brunei right now, the real saving for solar is just in the installation/cabling ...

Petrol is cheaper here in Brunei making investing in solar panels and batteries irrelevant. Europe has 3-5 years to have their investment back, while in Brunei, 7-8 years of which the solar panels will be expired/worn out around 10 years. Besides, Europe pays back the houses that give back the energy and we don't have that regulation yet ...
