Sri Lanka's No.1 Solar Hot Water System Since 1982 Oldest Solar company in Sri Lanka in operation 41+ Years of Pioneering Excellence Market Leader ...

Like most people in Sri Lanka I too was on the look out for a viable solution to the looming power bill. I came across REM Solar on FB amongst many other vendors all of whom I contacted . The response however was totally different from REM, the response to educate on the workings of the system was primary rather than to make a sale.

A Grid-Tied system is by far the most common type of residential PV system as well as the simplest and least expensive it connects to the electric utility Grid (CEB or LECO) and uses the grid for storage and backup of solar energy ...

Other topics include site analysis, system sizing, array configuration, and performance estimation; electrical design characteristics such as wiring, protection, and grounding; a detailed look at module and inverter specifications and characteristics; mounting methods for various roof structures and ground-mounts; and an introduction to safely ...
