

Will a solar farm meet Guernsey's energy needs?

The company behind the project says that on completion the farm will meet a significant portion of the island's energy needs. Credit: PA Plans have been submitted to build a solar farm on Guernsey that if completed would be the "largest ever seen" in the Bailiwick.

Could a solar farm be the 'largest ever seen' in Guernsey?

Plans have been submitted to build a solar farm on Guernsey that if completed would be the "largest ever seen" in the Bailiwick. The Les Abreuveurs Solar Farm Project is being proposed by the energy supplier Rubis which is looking to build on the site formerly occupied by Fresh Guernsey Herbs.

What is Guernsey's new energy strategy?

The proposals come amid a new electricity strategy debated in the States which aims to bring about a transition towards renewable energy sources. Rubis said they were "committed to supporting Guernsey's ambitious energy goals" and that the project "aligns perfectly" with the goals of the strategy.

More commonly known as Solar PV, these panels are designed to produce clean, renewable electricity from the sun to power your home. It's also possible to sell the electricity your system generates to Guernsey Electricity to supply the ...

Prior to becoming co-owner of Solar Energy World, Geoff spent the majority of his career growing Homefix Corporation where he focused on market expansion. Through his efforts Homefix successfully expanded its Maryland operation to cover 6 different states. He purchased one of the Homefix branches and grew sales by more than 80 percent in three ...

The ISES Solar World Congress 2011 was the world's largest scientific congress in the field of solar energy and buildings. It took place from 28 August to 2 September 2011 in Kassel, Germany. Upon conclusion of the Congress, ISES ...
