

Who is Staco energy?

Staco Energy Products Company is one of the longest lasting innovators of Power Quality and Voltage Control technologies in the world. In an industry where companies come and go, Staco Energy continues to provide the reliability and continuity you need. We support products we made three months ago, we support products we made thirty years ago.

Is Staco energy still in use?

And yes, they are still in use all over the world. Staco Energy is a wholly owned subsidiary of the Components Corporation of America (CCA) located in Dallas, Texas. CCA is a privately held corporation and is currently seeking acquisition of companies and product lines.

When will Gabriella join Staco energy products?

We officially welcome Gabriella to our Staco Energy Products team starting August 28th, and we're confident she'll make a significant impact on our marketing efforts. Please take the chance to introduce yourselves and offer a warm welcome to Gabriella as she joins us.

What does Chrissy do at Staco?

Chrissy will be working part time, leading our inside sales efforts for new product sales. She will oversee management of leads from trade shows, customer visits, and inbound calls. She will also be responsible for any sales campaigns for Staco's growing markets including lighting, elevator, and containerized solutions.

When did Greg join Staco?

Greg originally joined the Staco team in August of 2021 and as part of his military career, he was deployed to Syria in August of 2022. We are happy that Greg has returned home safely and will be re-joining the Staco team as the Inventory Specialist on Monday, 10/30/23. Greg will report to James Cashman.

Who is Staco's new drafter/detailer Tylor Cefalu?
