

How can solar power help refugees in Sudan?

In Eastern Sudan's refugee camps and surrounding local communities, solar cookers are being provided by the agency to reduce cutting of local forests for firewood, solar streetlights installed to improve security, and small panels distributed to allow cellphone charging. These are all practical solutions that can be deployed in most areas in Sudan.

Will solar power help solve Sudan's electricity crisis?

Given that Sudan is endowed with an extremely high solar irradiation potential, the government has set a target of achieving a 667 MW of PV installed capacity by the end of 2031 ( Murdock et al. 2019 ). This clearly reflects that the latter technology will play a key role in adjusting the electricity crisis of Sudan in the near future.

How have UNDP and UNICEF supported solar energy in Sudan?

Mr. Afanasievt added that "at a community level, UNDP, UNICEF, UNFPA and the Government have worked across Sudan to deploy thousands of solar systems. In Darfur, UNDP supported solar energy in 464 community service centers including schools, health centers, vaccine fridges, and rural hospitals.

Can solar energy help reduce fuel crisis in Darfur?

Engineer Yasir Abdalla says "In 2017 the use of solar energy started in small projects in the western towns of Alfashir and Alde'ain, each at an output of five megawatt, in a bid to reduce day electric overloading and to mitigate the fuel crisis in those two areas of Darfur region.

How did UNDP support solar energy in Darfur?

In Darfur, UNDP supported solar energy in 464 community service centers including schools, health centers, vaccine fridges, and rural hospitals. This assisted hundreds of thousands with access to energy and improved basic services, particularly women and young people.

Will India launch integrated solar energy & transformers plant in Khartoum State?

Last month a delegation from the Indian firm discussed the matter with the Minister of Investments and International Cooperation, Dr. Alhadi Mohamed Ibrahim. The launch of an integrated solar energy and transformers plant in Khartoum State are on the table of the Indian firm and its partners.
