

Why should you choose Sun King solar?

From cost-effective solar lanterns and home systems that provide entry-level access to electricity to powerful, multi-kilowatt-scale solar systems that offer power equity with the traditional electrical grid, Sun King's products meet diverse power and light needs across Africa and Asia. Solar to meet every need. Find the best option for you.

What is Sun King PAYG financing?

Sun King's PAYG financing model makes solar affordable to virtually all off-grid and weak-grid homes, allowing customers to leapfrog electrical grids and fossil-fuel energy sources entirely. Households receive high-quality equipment, which they can then pay off as they use the asset.

Will Sun King expand its PAYG model?

Sun King also has an opportunity to expand its PAYG model into other essential services, including clean cooking and insurance. LeapFrog invested in Sun King's extended Series D round in 2022, alongside General Atlantic and M&G, to expand the company's footprint and impact across Africa and Asia.

Marrying Sun King's and PayGo Energy's Expertise. The PayGo Energy team brings a wealth of experience pioneering finance, technology and distribution solutions to clean cooking challenges. In areas without access to electricity or piped gas, PayGo Energy has developed smart meters to monitor LPG consumption and predict when gas cylinders ...
