

SunPower brand solar panels are a critical foundation and a long-term investment that can be maximised through one more piece: the microinverter. In a home solar system with microinverters, each solar panel works independently. Shade falling on a single panel affects only that panel.

SunPower installations in Malta have surged. Malta has become the #4 per capita solar market in the EU1 Source: EUROBSERV"ER - April 2019, and has grown more than 8x since 20122 Source: Wood Mackenzie, Global Solar Outlook, 2019. The rapid growth is helping Malta achieve its goal of 10% renewable energy by 2020, and also creating a highly competitive solar market.
