Honiara, the capital city of Solomon Islands, is situated in a tropical location that offers consistently favorable conditions for solar energy generation throughout the year. Located at latitude -9.4277 and longitude 159.9494, this equatorial setting experiences minimal seasonal variations in daylight hours, making it an attractive site for solar photovoltaic (PV) installations.

The Solomon Islands has significant potential for renewable energy, particularly solar power, to address its growing energy demand and reduce reliance on fossil fuels. The Ministry of Finance and Treasury (MoFT), as a major energy consumer, has identified solar power as a viable solution to reduce energy costs and environmental impact.

Super tevreden met Suntek Solar, na offerte aanvraag vrijwel direct reactie. Binnen 2 weken zijn de panelen al geïnstalleerd. Dag voor het installeren kwam er nog iemand langs om de kabel route te bespreken. Op dat moment het plan nog aangepast om 2 extra panelen af te nemen. Dit was geen probleem en is de volgende dag geïnstalleerd.
