

Can mobisol compete with other solar companies in Africa?

Mobisol was a pioneer in commercially addressing the solar market in Africa but now there is a host of competitors willing to lose money, at least for a while, on similar business models. Mobisol has attempted to compete by providing a warranty and service.

What is mobisol solar?

Though based in Germany, Mobisol offers customers in various parts of the continent home solar systems using a mobile phone payment plan. They combine solar energy with an affordable payment plan via mobile phone, along with comprehensive customer service and innovative remote monitoring technology.

Who is ENGIE & mobisol?

ENGIE expands its decentralized energy offering in Africa through the acquisition of Mobisol, a pioneer of off-grid solar solutions. Mobisol has operations in Tanzania, Rwanda, and Kenya and has installed more than 150,000 solar home systems, providing clean and reliable energy to over 750,000 people in Sub-Saharan Africa.

Will Engie buy mobisol?

With the acquisition of Mobisol, ENGIE will be offering solar home systems in 3 additional countries, complementing the six countries where it is already present with its solar home system company Fenix International.

Does mobisol have a real problem?

Mr Goodwin is still getting a grip on Mobisol's restructuring, having only arrived in January. He says the real struggle Mobisol has "is not transparency or management but the economic metrics". "First is affordability. You are sending a first world technology into the third world.
