

Western Sahara's rare visitors - if they're not here to be swept off their feet by the perfect coastal kitesurfing climate, come to be seduced by the emptiness of its desert. But there's an amazing abundance of rare wildlife if you know where to look, plus the hospitality of the remaining nomadic Sahrawi people who live here, too.

The work relates to the construction of Morocco's so-called Aftissat wind farm. ABB confirmed to the association Terre des hommes on 11 June 2018 that the power station was indeed intended for the Aftissat wind farm in Boujdour, Western Sahara. See also NZZ. ABB's power grids sector was taken over by Hitachi in 2020.
