

It provides up to 15 years (or 120,000 hours) of service life before overhaul is needed. From installation and throughout the E-PowerPack life cycle, Alfa Laval Marine Service experts are ready to support you. Worldwide and 24/7, Alfa Laval Marine Service is your path to greater uptime, optimized performance and true peace of mind.

De Alfa Laval E-PowerPack maakt gebruik van Organic Rankine Cycle (ORC)-technologie om restwarmte om te zetten in gratis elektrische energie, waardoor het een handige duurzaamheidsupgrade is met een meetbare impact op de energie-efficiëntie. Omdat het op de lage temperatuur van het motormantelwater vaart, kan uw schip continu stroom opwekken ...

The Alfa Laval E-PowerPack is a compact, easily installed module for converting waste heat energy into clean electrical power. Based on Organic Rankine Cycle (ORC) technology, it gives marine vessels a plug-and-play efficiency upgrade that reduces fuel costs, shrinks carbon footprint and enables

Alfa Laval E-PowerPack muuntaa hukkalmm:n suoraan puhtaaksi sähköksi, mikä parantaa merialuksille plug-and-play-tehokkuutta kestävyysvaatimusten täyttämiseksi. Tämä Organic Rankine Cycle (ORC) -tekniikkaan perustuva moduuli on kompakti ja ...
