

Who is Anhui huasun?

Anhui Huasun Energy Co.,Ltd (hereinafter referred to as "Huasun"),founded in July 2020,is a technological innovation enterprisespecialized in the R&D and large-scale manufacturing of ultra-high efficiency N-type silicon heterojunction (HJT) solar wafer,cell and module.

Who is Anhui huasun energy?

Confident in the quality of their equipment and processes -- Anhui Huasun Energy Co., Ltd has opened their doors to an independent third party inspection service provider. The data provided here has been collected by the industry's most established solar testing bureau -- TÜV Rheinland There are 20 foreign trading employees in the company.

Who is huasun?

Digging into cutting-edge technical innovation and revolution, Huasun gathers the most experienced talents in HJT field, and forms a super R&D team led by authorities in the industry, to explore effective approaches to improve solar cell efficiency, and pursue the low-cost but productive mass production of HJT solar cells and modules.

What makes huasun unique?

HuaSun entered into the solar PV industry with product innovations and optimized power-cost ratio with record-breaking hetero- Junction technologies. HuaSun will be recognized as the world's most valuable solar technology company in HJT and its related technology. Innovation and sustainable development are two of HuaSun's core values.

Is huasun the world's largest HJT manufacturer?

Huasun now owns 20GW capacity of high-efficient HJT products, ranking as the world's largest HJT manufacturer. Huasun's factories are equipped with whole sets of temperature and humidity control equipment.

What is the power output of huasun G12 series?

The power output of Huasun G12 series can reach up to 750.544Wwith maximum efficiency of 24.16%,gaining 3% more annual energy yield than the TOPCon bifacial solar module.

Company Overview. Anhui Huasun Energy Co., Ltd, founded in July 2020, is a technological innovation enterprise specializing in the development and application of ultra-high-efficient N-type silicon heterojunction (HJT) solar and module technology as well as large-scale manufacturing.The company now owns 2.7GW capacity of high-efficient HJT solar and ...

From Jan. 16th to 18th, the largest and most influential renewable energy exhibition and conference in the

Middle East---World Future Energy Summit was held in Abu Dhabi, the capital of the United Arab Emirates. Huasun attended the show with its featured products of the entire HJT industrial chain including high-efficient HJT modules, HJT ...

In the color-coated steel sheet roof project, the first-year energy generation of Huasun HJT 620 W modules surpasses that of 600W TOPCon modules by 24 hours, amounting to an additional 948.24 hours over 25 years. Additionally, they exceed the generation of 555W PERC modules by 62 hours, resulting in a total of 2316.98 extra hours over the same ...

Anhui Huasun Energy Co. Ltd. (di seguito "Huasun") è un'impresa di innovazione tecnologica specializzata nello sviluppo e nell'applicazione di celle e moduli solari a eterogiunzione (HJT) di tipo N ad altissima efficienza e nella produzione su larga scala dei prodotti.

The company highlighted its dedication to sustainability and advancing Europe's energy transition. Belgium is tackling coal depletion and energy import reliance by striving for a sustainable energy system. While achieving a record 1.8 GW in photovoltaic (PV) capacity in 2023, it needs to quadruple this to meet EU decarbonization targets.

Huasun Energy, the world's largest vertically int... RE+ 2023, the premier clean energy event in North America, kicked off on September 12th at the Sands Expo and Convention Center in Las Vegas, USA. ... Huasun has participated in global events in the Middle East, Spain, Japan, Germany, Brazil and the United States, and will continuously ...

Of particular note, the Apriltsi project represents the world's largest single-site heterojunction solar project. Huasun Energy, a leading global player in heterojunction technology, has been exclusively supplying HJT PV modules to the project since 2021, chosen for their exceptional performance, swift delivery, and professional service.

Huasun Energy has successfully delivered 1,386 V-Ocean heterojunction (HJT) solar modules for the 800 MW Phase 1 of Power Construction Corporation of China's (Power China) offshore PV project in Jimo District, Qingdao, East China.

Anhui Huasun Energy Co. Ltd. (ci-après "Huasun") est une entreprise d'innovation technologique spécialisée dans le développement et l'application de cellules et de modules solaires à hétérojonction (HJT) au silicium de type N à haut rendement, ainsi que dans la fabrication à grande échelle de ces produits.

The power output of Huasun G12 series can reach up to 750.544W with maximum efficiency of 24.16%, gaining 3% more annual energy yield than the TOPCon bifacial solar module. High reliability Double-glass design and EPE based encapsulant plus PIB sealing provide the module with better capabilities of waterproof, fireproof and corrosion resistant ...

Huasun's 2024 Heterojunction Global Tour sets sail again! From July 3 to 5, the ASEAN Sustainable Energy Week 2024, Southeast Asia's premier renewable energy technology event, took place as scheduled. Huasun Energy made a spectacular appearance in Bangkok, Thailand, bringing new opportunities for sustainable green development to the ASEAN region.

At SOLAR & STORAGE LIVE KSA 2024 in Riyadh Front on October 15-16, Huasun Energy showcased its G12 and G12R high-efficiency heterojunction (HJT) solar modules, receiving acclaim for their exceptional power generation and high-temperature stability.

On December 3, 2024, Xiaohua (Jimmy) Xu, Chairman and CEO of Huasun Energy, participated in a panel discussion with the widely debated topic of "The Make-or-Break Year for Solar: What's Next for the Industry?" at the Bloomberg New Energy Finance (BNEF) Summit Shanghai 2024, which brought together industry leaders to explore challenges and solutions in the evolving ...

At the Smart Energy Forum 2024 in Prague on October 9-10, Christian Comes, Director of Business Development Europe at Huasun Energy, presented the company's heterojunction (HJT) technology and cost-effective strategies for photovoltaic projects to over 100 industry professionals, receiving notable acclaim.

Huasun Energy has entered into a strategic cooperation framework agreement with Xinjiang Silk Road New Energy Co., Ltd (Xinjiang Silk Road), establishing a long-term partnership focused on high-efficiency heterojunction (HJT) photovoltaic products.

With its premium HJT products and services, Huasun has delivered over 7 GW of HJT products worldwide, contributing to the goal of a zero-carbon future. During the exhibition, Huasun's UK partner, Solartricity, highlighted the advantages of HJT technology, including high efficiency, high energy yield, and exceptional reliability.
