

Who is Voltamp energy?

With a strong commitment to sustainability and a net-zero vision, Voltamp Energy is at the forefront of the energy transition, striving to provide reliable and efficient power solutions to the GCC region and beyond.

What makes Voltamp a good transformer?

The transformer's ability to carry current to match or slightly exceed its power rating is the only measure of quality. Voltamp manufactures products that are suitable for green energy which goes to Wind, Solar, Green Hydrogen plants. The transformers are suitable for both onshore and offshore applications.

Why should you choose Voltamp?

Voltamp offers oil-filled as well as dry-type transformers and repair and services to the customers to optimize the efficiency of their operations. The transformer's ability to carry current to match or slightly exceed its power rating is the only measure of quality.
